N4502NFC access control kit

Reference: N4502/NFC
Product code: 11884502
EAN code: 8429898017495

Main characteristics

Proximity kit through **NFC** technology (Near Field Communication).
Composed of:

- EL4502NFC proximity module.
- 5 x NFC/US cards.
- N6001/AL assembly kit.
- N3002/AL blank module with large informative window.
- NCEV-90CS embedding box.
- TF-104 transformer.
- CV-14 lock release.

More information

- Compatible with NFC/US, NFC/IN, NFC/1U, NFC/MU cards and TAGNFC/US keychans.
- Possibility of opening by **smartphone** (requires OpenGo application for Android®).
- Capacity for 2000 resident cards and up to 30 master.
- Programming through **dipswitch** (basic) or **smartphone** (advanced).
- Advanced programming through the smartphone: access control management, configuration and calendar (requires Access Control Manager application for Android®).
- 2 inputs for external activation button relay (PL1) and relay (PL2).
- 2 potential-free output relays with programmable time (NO, C, NC).
- Indication of operating states by buzzer and LEDs.
- Tamper alarm for sabotage warning.
- Panic output.

N4502NFC access control kit

Specifications	
Type Function	Standalone
Reading / Detection Type	Proximity
RF Frequency (MHz)	13.56
Use	Outdoor,Indoor
Max. Users	2000
Mounting	Embedded
State LEDs	Yes
Dimensions - High (mm)	133
Dimensions - Width (mm)	99
Dimensions - Deep (mm)	56
Weight (gr.)	1500

Accessories

- N871/AL surface box with integrated rain shield
- NFC/IN installer proximity card
- 13,56MHz NFC/US user proximity card
- 13.56MHz TAGNFC/US proximity keyfob
