WD2050

Thermal Label Printer

WD2050W

WD2050B

Description

Wholesale thermal label printer WD2050 with a 127mm shaftless paper bin, ideal for e-commerce, warehousing, logistics, and retail. Compatible with major e-commerce platforms and international shipping

Features

Large Paper Capacity: 127mm paper bin reduces frequent roll replacement.

Flexible Label Sizes: Supports paper widths from 115–15mm..

Multiple Connections: Bluetooth for mobile and USB for computers.

Label Manager Software: Create text, barcodes, QR codes, and templates.

Wide Compatibility: Supports major e-commerce and logistics platforms, including Amazon, Shopify, FedEx, and UPS

Specifications

Printing Features :	
Printing Method :	Line thermal printing
Instruction Set :	TSPL
Resolution :	AS203 :240 dpi / AS300 :340 dpi
Effective Printing Width:	108 mm
2D Code:	PDF417, Data Matrix, QR Code
Printing Speed:	150 mm/s (MAX)
Authentication:	CE, UKCA, FCCID
Print Life:	30 KM (Warranty)
Interface:	USB, Bluetooth
Paper Type:	Thermal label paper
Maximum Paper Width:	118–15 mm
Power Supply :	DC 24V2-A
Paper Bin Size:	127 mm (MAX)
Sensor:	Cover open / out of paper / voltage / print head temperature / label projection / black mark sensortemperature / Label projection / Reflection
Weight:	1.1 KG
Paper Thickness:	0.13–0.11 mm
Dimensions:	207.6 mm (L) × 187 mm (W) × 159 mm (H)
1D Barcode:	Codabar, Code11, Code39, Code93, Code128, EAN8, EAN13, Interleaved -2of5-, MSI, Plessey, Postnet, GS1 DataBar (RSS14-), UPC
